

## An Analysis of College Choice among Admitted Students Who Did Not Enroll at Evergreen Fall 2006

The names of students who were admitted for fall 2006 at The Evergreen State College, but who did not enroll in the fall (N=1,401), were submitted to the National Student Clearinghouse in order to obtain enrollment records at participating institutions. The purpose of this research was to find out where students enrolled. The National Student Clearinghouse (Clearinghouse) is a nonprofit organization that provides enrollment records through its StudentTracker service. Over 90% of educational institutions nationwide participate in the Clearinghouse.

Clearinghouse searches have been performed in prior years. As was done last year, the search was performed at the end of spring quarter. Enrollment records were obtained for students who registered in fall, winter or spring quarters at other institutions.

The complete database with names of prospective admit/no enroll students and the institutions where they enrolled may be useful for recruitment purposes. Prospective students who are more likely to come to Evergreen in the future (e.g. those who chose to enroll at 2-year institutions instead of Evergreen) could be identified and targeted through mailings or other contacts.

There were 1,054 students for whom detailed information was available. A total of 289 students were not found at any institution by the Clearinghouse. Information for the rest of the prospective students was blocked by the college or university or by the student. This report summarizes the response data for the 1,054 students for whom information was received at a detailed level.

Enrollment records are not available for some institutions in Washington. The table below shows institutions of 1,000 or more students that do not report enrollment information to the National Student Clearinghouse. There may be additional institutions that are smaller than 1,000 students in size that also do not participate in the Clearinghouse.

### *Washington Institutions (of 1,000+ Students) Not Included in Clearinghouse Records*

Institution Name	Enrollment Size
The Art Institute of Seattle	2,527
Northwest University	1,120

This year, data is presented by campus. The entire admit/no enroll population consists of students who had applied to either the Olympia or the Tacoma campus. A total of 18 students had applied to attend the Tacoma campus; this is 1% of the total admit/no enroll population. All of the Tacoma prospective students were transfer students.

### **Prospective Tacoma Students**

All 18 of the prospective Tacoma students who were admitted, but who did not enroll in the fall, were residents of the State of Washington. All except one were prospective transfer students from two-year institutions. The other prospective student was a transfer from a four-year institution.

Of the 18 students who were admitted to Evergreen to attend the Tacoma program, eight records were found indicating that the students attended a college in 2006-07. Of these eight, four students ended up attending Evergreen, one attended Highline Community College, another attended Seattle University, and another attended Shoreline Community College. Only one student had a record indicating attendance at an out-of-state institution. This student attended Northern Arizona University. All eight students were residents transferring from two-year institutions.

## Prospective Olympia Students

The table below describes the population of students admitted to Evergreen who chose not to enroll in fall 2006.

### *Admit/No Enroll Population Summary - Olympia Campus*

Student Residency and Admit Type	N	Percent of Admit/Not Enroll
<a href="#">Nonresident First-time, First-years</a>	600	43.4%
<a href="#">Resident First-time, First-years</a>	336	24.3%
<a href="#">Resident Transfer Students*</a>	189	13.7%
<a href="#">Nonresident Transfer Students*</a>	155	11.2%
Disputed Residency Transfer Students*	58	4.2%
Returning Greeners without Transfer Credits**	25	1.8%
Disputed Residency First-time, First-years	17	1.2%
International Students	3	0.2%
<b>Total</b>	<b>1,383</b>	<b>100.0%</b>

\* "Transfer Students" includes students who attended Evergreen, left the institution and earned credits at another institution. It also includes transfer students from two-year and four-year institutions who have never attended Evergreen.

\*\* Includes both residents (N=19), nonresidents (N=5), and one student with disputed residency status.

A total of 1,046 prospective Olympia campus students had enrollment records for at least one institution in AY 06/07. The table below shows institutions where 10 or more admit/no enroll students enrolled.

### *Institutions Where Ten or more Admit/No Enroll Prospective Students Enrolled*

Initial Institution Attended	N	Percent of Admit/Not Enroll with Enrollment Records 2006-07 (N=1,046)

UNIVERSITY OF MONTANA	10	1%
Total students found among 20 institutions listed above	480	46%

Enrollment in the 20 institutions listed above accounts for 46% of the admit/no enroll population who had enrollment records through the National Student Clearinghouse search.

The detailed analysis that follows breaks out results for first-time, first year and transfer students by residency. The detailed analysis does not include students with disputed residency or Returning Greeners who brought no new transfer credits. Enrollment records were found for one of three international students. This student has enrollment records at San Francisco State University.

Some of the admit/no enroll students came to Evergreen by winter or spring quarter. A total of 68 admit/no enroll students attended Evergreen during their first term at an institution in AY 06-07, and an additional twelve attended Evergreen after first enrolling at a different institution.

**Nonresident First-time, First-years (N=600)**

There were 475 prospective Nonresident First-time, First-years (79%) for which records were found in the National Student Clearinghouse data. Some students enrolled in more than one institution during the course of AY 06-07; however, summary tables below show the first institution that they attended. The table below shows only those institutions for which five or more admit/no enroll students enrolled. A complete table of institutions is available in [Appendix A](#) of this report.
