Portal Workgroup Meeting Minutes
Submitted by rip on Tue, 2008-05-06 08:05.
The portals workgroup met on May 2 to continue the discussion around how the portal concept might apply to Evergreen. The group discussed the charge and the goals of the Portals Workgroup. There was consensus that there seem to be two different needs and goals that really have not worked well within the current group configuration. For more, please refer to the meeting minutes.
